

Ken Leahy Construction is hiring a Heavy Civil Estimator/Project Manager. Our company provides excavation and utilities for commercial projects and subdivisions in the Portland/Vancouver area. We are looking for at least 5 years of experience (or CEM Degree) managing and/or estimating heavy civil work. This includes tracking and negotiating costs, materials and contracts. Must be familiar with geotechnical reports, ability to read and understand plans, have knowledge of industry standard materials and ability to forecast and procure materials as needed for the job. This position requires proficient skills in electronic tools such as HCSS (Heavy Bid), Microsoft Office and Bluebeam software.

Send resume to [job@kenleahy.com](mailto:job@kenleahy.com) or call our office at 503-357-2193.
